

# The Islander

April 2009

## GENERAL MANAGERS MATTERS

As most of you know the new rates will be in effect and reflected on this month's statement. This is something that we hate to do but it is unavoidable if the club is to survive.

While the increase is a small one, it will make a huge impact to the revenue, especially during the winter months when cart rentals and play are down.

The most notable change is the driving range membership, which will increase to \$18.00 per month. This is three buckets of balls per month if you were not on the range plan. We are offering quarterly and yearly options as well that are an additional costs savings.

The Authority is in the process of bidding out the clubhouse roof repair project. Hopefully work will begin within the next few weeks.

I want to thank all of you for your support. Even stopping by to eat lunch or grabbing a drink helps the bottom line.

*Vic*

## Upcoming Events
